

Why Buy From Computer Care?

- Our systems can be custom built with a selection of quality parts
 - We offer pre-built and build to specification systems
- Windows Operating system disk and key included
 - No need to bother with recovery disk or expense to buy a new disc to get your system running again.
- System ready to run out of box with security
 - All systems have CLEAN install of Windows no junk/spyware to remove or additional fees for removal and Security is pre-installed
- 1 Year Parts/Labor
 - Our system repair is covered in store. If issue is with part vendor we handle RMA or other issues for you. No need to talk with someone in another country for hours.
- Standard ATX & Micro ATX computers*
 - Our systems use standard ATX components that can be bought most anywhere you travel. No need to wait for special order propriety parts from a company.
- We stock a large variety of hard to find parts and accessories in store.
- Free advice
 - Need help in choosing a system? Let us recommend a system based on your needs.
 - Can't find the right part? We can help and advise you on upgrades.
